MAY ASSIST WITH:
LIBIDO, INTIMACY AND CONFIDENCE.

PRODUCT INFORMATION

What are Terpenes and their benefits?

Terpenes are the aromas of plants. Terpenes are a class of organic compounds produced by a variety of plants. Terpenes are also biosynthetic building blocks.

Terpenes bind to receptors in the brain giving rise to various therapeutic effects and interact with the Endocannabinoid System.

Terpenes and Terpenoids are the primary constituents of essential oils and medicinal plants. Terpenes are used extensively in perfumery and alternative medicines.

Take for a minimum of 14 Days, for maximum benefits take for 28 Days.

Our products are designed to work as an ongoing therapy and should be taken in a consistent regular dose to achieve maximum benefits.

If symptoms persist consult your GP.

If irritation occurs discontinue use.

Avoid Alcohol and Narcotic use during therapy.

Do not take while pregnant
